## Pleasants Wins Bicycle Prize In Magazine Contest

8-1 Gets Theater Party,  
Mrs. Uzzell Radio  
As Contest Closes

Winners in the annual magazine contest were announced Thursday, October 10, by O. E. Dowd, dean of boys. Jimmy Pleasants, student of 9B3, was awarded the bicycle for selling more subscriptions than anyone else. The girls' wrist watches were presented to Annette Tilson, Mary Louise Powe, and Betsy Rogers. Pat Muirhead was given an electric camera, and Eddie Turner was presented with a small radio. These were the largest prizes given by Crowell Publishing company.

The homeroom having more money than any other was that of F. J. Herndon, 9B3, while Mrs. W. E. Uzzell's homeroom, 8B1, had more students selling than the others. Mrs. Uzzell was given a radio for being the winning homeroom teacher, while her group won a theater party.

This year the campaign was sponsored by a different company and was carried out on a new plan entirely. Students were awarded points on the basis of the number of pupils that sold subscriptions. Junior High made a profit of \$36.00 during the magazine sales.

## Pupils Send Wreath To the Family Of Mr. Upchurch

Students of Junior High sent a large standing wreath, of pink dahlias, gladioli, and roses tied with a satin ribbon, to the family of Charles F. Upchurch, father of W. M. Upchurch, upon his death.

Mr. C. F. Upchurch died about 11 o'clock Saturday, October 12, at his home near Morrisville. He had suffered from a broken hip in August of last year and had been confined to bed since that time.

The flag of the school was at half mast on Monday and school was closed at 12:32 o'clock so that the teachers could go to the funeral, which was held Monday at 3:00 o'clock at the home.

Principal Upchurch, in expressing his gratitude for the flowers, said: "It is impossible for me to tell the student body how much I appreciate the design sent. It was one of the most beautiful I have ever seen. If I can be of service to any of you at any time, be sure to let me know. Your thoughtfulness inspires me to want to be more thoughtful toward you."

## WHAT DO YOU THINK?

Question: "What do you think can be improved on the school paper?"

Paul Ferrell, 9B3: "I think the paper is very interesting, but I think the students should support it better."

Eva Ruth Parrish, 9B5: "I think there should be just as many write-ups about girls' sports as boys'."

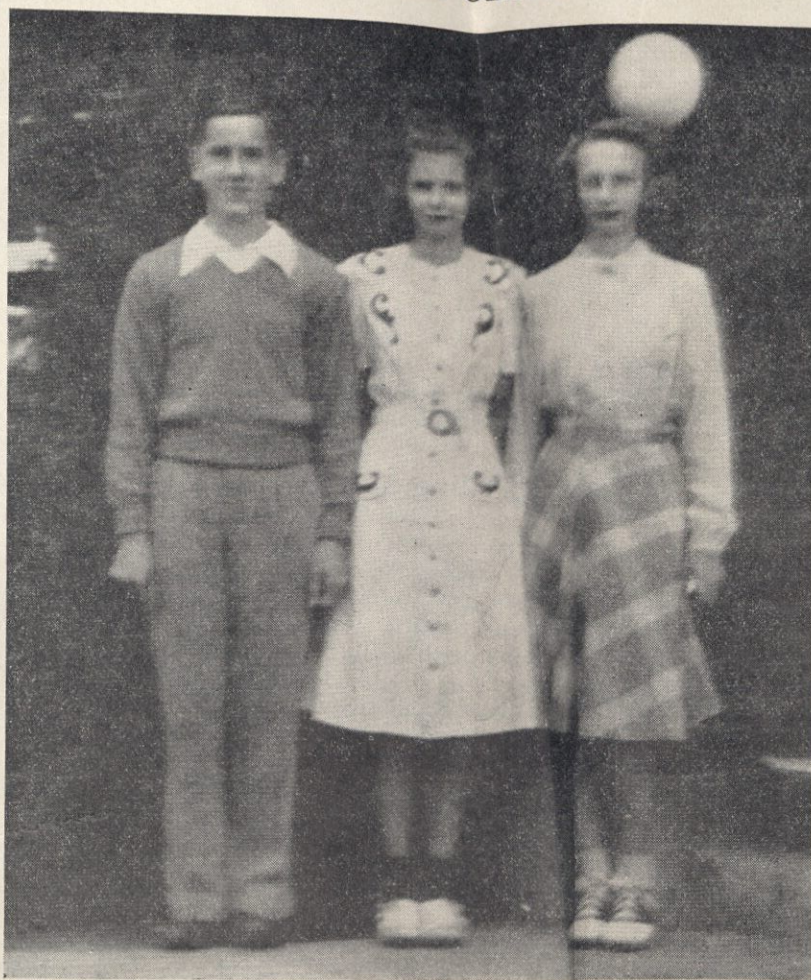

Anne Rogers, 9B4: "I like the paper a lot, but I think everyone would enjoy it more if we had more pictures of students in it."

Florena Neal, 8B4: "I think the paper is very good, but the last page could be improved a lot."

Margarite Bobbitt, 8B3: "I like the paper very much and I think it will get better as the years go by."

Meriwether Wright, 7B2: "I think a few more cartoons and jokes would improve it very much."

## Ninth Grade Officers

## Crump, Huckabee, Pruitt Head Ninth Grade; Class Considers Motto and Song

### Students Join Airplane Club

Many boys of Junior High belong to the local airplane club sponsored by the city recreation department. There are more than 300 members of the club, and meetings are held each week at different schools throughout the city.

Each of the schools has a flight commander who instructs students at the different schools. The head of the club is W. M. Hammett.

Each Sunday of every two weeks the club has an airplane contest at the East Durham airport and prizes are given to the boy having the best constructed model.

Mr. Hammett says that the purpose of the club is to get boys more interested in airplanes and to make their own planes.

### Library Shows "Peace Posters"

In cooperation with Book Week Mrs. Virginia Hoenig, librarian, is displaying in the library a series of posters contributed by Mrs. Mary Mason.

The "Peace Posters" were selected from five national contests of art students of the nation. They are representing high schools, colleges, and every type of educational institution.

The posters come from every state and there are more than five thousand entries. The designs are excellent and very interesting, said Mrs. Elsie Graham.

### Staff Sends Paper To Many States

This year Junior Hi-Lights is corresponding with many members of the Columbia Scholastic Press association, of which it is a member. Already sixty-two papers have been mailed to other schools, and twenty-five sent to advertisers.

Copies have been sent to all the city schools of Durham, and many other junior high papers all over the United States. The papers have been sent to California, Ohio, New Jersey, Pennsylvania, Connecticut, to Boys' Town, Nebraska and to Washington State.

Election of officers for the ninth grade took place on Wednesday, October 9, in the auditorium when Walter Crump, Josephine Huckabee, and C. S. Pruitt were elected to student, vice-president, and secretary, respectively.

Plans for frequent ninth grade programs to be given in the future were discussed. It was decided that Anna Coletta, Eleanor Mims, and Joe Venable would be on the first program committee.

Colors for the ninth grade will be blue and silver and the lyrics to the song are to be sung to the tune of Carolina's "Hark the Sound."

The motto for the ninth grade has not as yet been decided upon, but a motto committee has been appointed and those serving on this committee are: Helen Haney, Carol Tomlinson, and Marshall Spears.

Miss Isabel Arrowood suggested at the first meeting that the class of '40-'41 have individual class pins displaying the colors chosen by the ninth grade.

## Students Organize Brogden Society

On October 9th, the Brogden literary club, sponsored by Miss Sallie V. Hammett, was organized, and the following officers elected for a period of six weeks: president, Marion Davis; vice-president, Frances Talbert; and secretary, Betty Nelson.

The aim of the club is to find the abilities and interests of the members and provide opportunity for the development of these talents through their club activities.

The programs will consist of plays, debates, declamation contests, the study of favorite authors, music, and miscellaneous programs.

## Walkway to Cottage Benefits Students

Men of the WPA have made a new cement walkway from the home economics cottage to Junior High. The students regard this as being very beneficial to the school. On days when it is raining it will be more pleasant to go from Junior High to Senior High since the new walkway has been built.

## Playmakers Give 'Sugar and Spice,' First Play, Friday at Activity Period

### Beware the Spooks!

Spooks and hobgoblins, witches on broomstick steeds, and ghosts of all descriptions will descend on Junior High and the rest of Durham, Thursday night, October 31.

On that night Hallowe'en will be observed, and everyone knows what that means.

Black cats will stride in every street, ghosts will float from every rafter, and skeletons will bound from every closet.

So beware! All you mischief-makers, if you're not careful the goblins may get you.

Of course, there is a pleasant part of happy Hallowe'en — pun'kin pies! Ummmmmm.

## Schools Enter Float in Parade; Students May Enter

On November 2 the annual Duke-Durham Homecoming Day parade will be observed in Durham, in which schools of North Carolina will participate. This year, as in previous years, there will be many floats, representing the various organizations of Durham. The music will be furnished by guest bands and also by the city school band.

Different from preceding years, Junior High will not have an individual float, but will be represented in a float of all the city school system. This year a new plan has been made. Each student wanting to compete in the parade will have an opportunity to do so by building a float and entering it. The prizes will be tickets to other Duke football games.

Anyone desiring complete details will see Clyde P. Richman, head of the Junior Division.

The county schools have also been invited to take part in the celebration.

## Committee Holds Lantern Contest

Durham's Hallowe'en committee will hold a Lantern contest the week of October 22-30, for all students in Durham, fifteen years of age or under. The lanterns must be submitted to the principal's office on or before October 30.

They will be judged as to the design, color, and workmanship. Valuable and useful prizes will be awarded to the six people making the best lanterns. The winning lanterns will be lighted and displayed in the armory auditorium, Hallowe'en night.

Homeroom teachers have full details about the contest.

## Anne Swindell, Harry Watkins, Minor Boring Head Eighth Grade for Year

### New Broadcasting Program Gets Under Way

A series of radio broadcasts devoted to the work of the Durham city schools is heard over WDNC every Tuesday night at 9:30 o'clock. These programs are under the direction of W. F. Warren, the city schools superintendent.

A different phase of school life will be given each week. Next Tuesday night two Junior High teachers, C. W. Petty and F. J. Herndon, are to be in the discussion, along with two students of this school. The students have not been selected yet.

Boyd, Scates, Jones  
Take Leading Parts;  
Richman, Rogers Direct

Next Friday, October 25, Mrs. Bamma Richman and the Playmakers are to present the first play of the year, "Sugar and Spice."

Charmain Scates will play the part of Susan Harling, a rich girl who came from Paris to visit her friend, Jane Jones, who is portrayed by Emily Earle Byrd. Here she meets Chump Edwards, a shy, backward boy who lives next door, played by Sonny Jones.

Jane and Chump have never been good friends, and she is always throwing off on him. Susan makes him feel very important and Chump falls in love with the girl who he has called a "squiffit." Also supporting the cast are Virginia Cooke, cast as Mrs. Jones, and Walter Crump, as Mr. Jones.

Assisting Mrs. Richman are Betty Rogers as assistant director, Gloria Meehan as prompter, and C. W. Smith as stage manager.

The admission is to be five cents. This will be the first paid program in the auditorium this year. Other programs are being planned. Later the eighth grade dramatics group will have a play, and the Playmakers will have probably two more plays this school year.

## Brockwell Closes Fire Prevention Week With Talk

Fire Chief Frank W. Bennett opened a program in the auditorium October 8, by introducing Sherwood Brockwell, state fire marshal. Mr. Brockwell talked about many fires which were caused by carelessness, giving examples of these things.

He stressed the fact that ten years from now many boys and girls who are now in Junior High and Senior High will be serving on the fire department. In the near future all who join the fire department will have to possess a high school education.

Mr. Brockwell said the loss of life by fire in North Carolina has been less than 100 persons annually for the past three years. The property damages have been less than \$6,000,000.

Also with Mr. Bennett were C. S. Whitaker, city electricity; Frank Pierson, secretary of the Chamber of Commerce; and Egbert L. Haywood, chairman of the Durham Chamber of Commerce Fire Prevention program.

When the fire bell rang the building was cleared in one minute and 55 seconds.

The closing feature of the program was the singing of "Shortnin' Bread" by Chief Bennett.

### Congratulations, Cheerleaders

At the beginning we want to say—congratulations and plenty of them to the cheerleaders. This year our Junior High cheerleaders have been doing their best at the football games—but cooperation is absolutely necessary. Therefore, the students should cooperate altogether to the fullest extent in giving the cheerleaders all the aid that we possibly can at the Junior High football games.

Head cheerleaders are Walter Crump and Neil Graham. Others are Annie Swindell, Julia Toms, Josephine Huckabee, Agnes Pleasants, and Flora Belle Garrall.

Those boys and girls are doing their best to make our team a winning one. If we do as much as they, our team will win every game.

### Hallowe'en Is Coming

As the month of October coming to a close, our thoughts turn toward the spooky pranks of Hallowe'en. This holiday can be enjoyed in the right way by everyone, if we try hard enough.

Let's remember that the breaking of street lights and windows, the marking with chalk and soap, and the removing of automobile licenses is very uncalled for and childish. All this, instead of being cute, merely shows one's ignorance, and reflects a poor light on the entire family.

In our opinion, Hallowe'en can be enjoyed thoroughly by both young and old, and is apt to hold more fun in store for everyone, if all these ideas of pranks are abandoned entirely.

Instead, we can enjoy ourselves by attending Hallowe'en parties and joining in the parade held up town. Fun can be had in a respectable way without damaging others' property.

### Are We Proud?

Any pupil is proud if his school is noted not only for its beauty, but also for its cleanliness and neatness.

Our school can not be neat or clean if we do not choose to make it so. The throwing of trash or even a piece of paper on the school grounds or in the halls would spoil the appearance of our school.

There are many waste paper containers distributed in the halls and on the grounds, so that we may dispose of our trash. If we remember this and do our part by picking up any paper we see, we may indeed be proud of our school.

### Sympathy Notes

The entire school wishes to express its sincerest sympathy to our principal, W. M. Upchurch, for the loss of his father.

Our deepest sympathies are with Ann Rogers of 7B2 in her bereavement due to the loss of her father, William F. Rogers.

## .. AMBITIOUS AUTHORS ..

### "Hallowe'en"

By Florence Wall, 9B6

The story of Hallowe'en is well worth the knowing. It dates back hundreds of years. Because the name is shortened from All Hallow's Eve, or Eve of All Saints' Day, many people thought that it was a church festival; but this is not true. It is known that in England, long before the Christian era, there was a custom of lighting bonfires on the hilltops, on the last evening in October, to ward off evil spirits.

Among the Celts, an ancient people who once lived in Britain, there was an important religious order known as Druids, the members of which were physicians, wonder-workers, and priests. These Druids offered sacrifices to the pagan gods, and one of the great festivals of the year was that of Samhain ("the end of summer"). The Druids sacrificed a horse to the sun-god as a thanksgiving for the harvest, and as late as the year 400 A.D. sacrifices were offered in Britain to the moon-god, on what we now call Hallowe'en. In those days superstition, the fear of the unknown, was very common; and one of the widespread beliefs was that on Hallowe'en night the spirits of the dead were allowed to return home and visit their friends.

In some parts of the British Isles this belief continued until comparatively modern times. On that night great fires were kindled on the hills, and men stood in circles, waving aloft on pitchforks plaited whips of blazing straw for the purpose of warding off the attacks of witches. And they fully believed that this was necessary.

### Ninth Grade Song

(Tune: "Hark The Sound . . .")

Down the halls of Junior High School  
Come the marching feet,  
'Tis the class of '41  
Which we gladly greet,  
May the gift of laughter bless us,  
And the gift of smiles,  
May the golden gift of friendships  
Gladden all life's miles.

#### CHORUS

Lift the chorus speed it onward,  
Let our hearts be gay,  
Hail to thee Oh Junior High School,  
And this class today.

Blue and silver we have chosen,  
Hold our banner high,  
Blue for truth and loyal spirit,  
Color of the sky.  
Silver teaches us true values  
As we live each day,  
Noble standards, lofty purpose  
Guiding all life's way.

'Tis with sadness we shall leave you, dear  
old Junior High,  
And with sadness we shall bid you  
Each a fond goodbye.  
Others here will take the places  
We have filed so long.  
Yet e'er we shall leave forever.  
Let us sing this song.

### DID YOU KNOW . . . ?

(Note: If any pupils know interesting and odd facts, the editor would appreciate being told of them.)

There are more different kinds of trees in North Carolina than in the whole of Europe.

A humming bird is the only bird that can either fly forward or backward, or can stand still in the air.

Crab meat is considered the cleanest of sea foods, yet it feeds off sea garbage.

When a crab loses its leg, another one grows to replace it.

The arctic circle has much animal life, while the anarctic region has no animal life at all.

Theoretically, a bumble bee cannot fly, because his body is too heavy for the size of his wings.

### Hats Off to . . .

Mrs. Bamma Richman, who has been doing outstanding work in the ninth grade dramatic club. She has spent much of her time in rehearsing for the play to be given in the near future.

To the cheerleaders, who have done excellent work in trying to promote a strong school spirit. These students have added much to the games, by showing the football boys that the whole school is back of them 100 per cent.

To the two new teachers here, Mrs. Fisher and Mrs. Kernodle, both of whom are experiencing their first year in the Durham city schools.

### Church? No, Perch!

By BETTY JANE HEDRICK, 8B2

It was the Sabbath day and the sun did shine,

And I was lookin' for my fishin' line.

I found it in the barnyard leanin' 'gainst the shed,

"It's the Sabbath day, my boy!" cried ole' Uncle Ned.

But what did I care when the fish were bitin' fine,

And I could rest my weary bones under the ole' grape vine.

I reached the river and to my delight,

The first thing I knew I had a bite.

So I settled myself under a tall pine tree,

But here comes the preacher, lawsy me!

I forgot about my fish and drew my line in,

'Cause fishin' on Sunday was truly a sin.

The preacher looked at me and then began to cry,

"If you can't fish no better than that, then you'd better let me try!"

### The Feeding of the Lions

By Gray Patton, 7-1

One morning last spring as I stood in the lion and tiger house at the Washington zoological park, in came two men wheeling a red wagon piled high with beef. I didn't notice this until I saw a gleam in the eyes of a tiger as he stood over my head. I turned around and saw what he was looking at—the beef. As the keeper tossed the beef to the cats, I noticed a difference between the lions and the tigers. The lions raged and tore at the bars of their cage while the tigers crouched at the back of their cages and rushed forward when their meat was thrown in.

### The Wise Old Owl

With football taking the spotlight away from most of the other activities, I stopped between touchdowns and tackles just long enough to jot down these few items of nonsense:

Walter Crump promising kisses to all the girls who voted for him.

Mrs. Watkins making quite a collection of funny books.

Jimmy Coppridge showing Jimmy Cobb how the girls do the hula hula.

Jeweleen Brown scratching Libby Erwin's back during Latin class.

Miss Arrowood saying anyone telling her anything about Latin was wasting his time.

Ganelle Henderson saying she got her merds wixed up.

Mrs. Richman pleading with Eleanor Mims to smile at C. W. Smith (in a play).

Caroline Lockhart buying one shoe larger than the other.

### When Durham Was Young

By Sonny Jones

Recently I walked up to Uncle Henry Faucette and asked him how long he had been working as a janitor for the Durham city schools. This started him off on a long story of himself and early Durham.

He told me that he had worked under every superintendent and had worked for the schools since the early 1880's.

However, after he had concluded his story of himself, he smiled broadly as he related to me an anecdote which is quite typical of the more or less unsettled people of Durham in its younger days. There lived an old lady down on "Hen Peck Row" (now known as Dillard street) who found it so difficult to find a suitable house in which to live that one day as Uncle Henry approached her and asked about where she would move next, she said rather impatiently, "Oh I guess I'll move up to 'Hack Road' (now better known as Chapel Hill street). You know, Henry, I have to move so often that every Monday morning that rolls around, my chickens come up on my back porch to have their feet tied."

Uncle Henry also told another interesting incident of early Durham, which, after checking up on it, was found to be quite true. It was the story of why Corcoran street wasn't run straight through when it reached Chapel Hill street. The reason for this is that when Corcoran was laid out, it was stopped there because of protests sent up from an old lady saying that should the street go straight through, it would go between her farm house and cow barn, and then she would have to cross the street to feed and milk her cows. The street, consequently, was stopped at the fence gate of her front yard.

## Hysterical Hallucinations

By DONALD (FLOOGIE) ADCOCK

Well, folks, here I am again, much to my surprise and probably to your dismay. This time I am turning poetical, so stick around and you shall read what you shall read, and what you don't read won't matter.

Don Tilley stood on the railroad track,  
The train was coming fast.

The train got off the railroad track,  
To let Donald Tilley pass.

Willie: Pa, teacher says that we are here to help others.

Pa: Of course, son.

Willie: Then what are the others here for

Spring has sprung,  
The grass has riz;  
I wonder where  
The birdies is.

"Flash" Spears: Waiter, this coffee tastes like mud.

Waiter: Well, it was ground this morning.

There was an old maiden from Fife,  
Who had never been kissed in her life;  
Along came a cat;

And she said, "I'll kiss that!"

But the cat answered, "Not on your life!"

Dennis (Mushmouth) Saunders comes up with the suggestion that we have radio teachers so that you can turn them off.

Thought of the Month: Happiness can always be found in the dictionary.

Announcement: If any of you have any jokes, good or bad, please hand them to me in Room 106, and if they are used in this column you will be awarded 3 banana peelings through the courtesy of A. Finkel-stuff and Co., makers of quality banana peels.

Love to all,  
FLAT FOOT FLOOGIE.

## E. K. Powe Falls By Close Score; Plays Tomorrow

Third Quarter Pass Sets Up Touchdown by Tilley for 7-0 Score

Junior High's Bullpups defeated the strong E. K. Powe eleven on Thursday, October 3, by a score of 7 to 0 at the Durham athletic park.

The two rivals played on about even terms until the third quarter when Coach Johnson sent passing Charles McNay into the game. The Powe team wished they had never seen "Charley," for he threw a long, flat pass which "Buddy" Lyndon took on Powe's two-yard line. Junior High was then given a penalty, but Donald Tilley overpowered the Powe line for a touchdown and then went through the same side of the line for the extra point.

Coach Johnson said that "Buddy" Lyndon and K. B. Prince showed up well at the ends. The entire line proved strong, with Joel Windham, B. S. Moore, J. T. Harward, Ben Munford, Frank Pierson, as did the backfield with Joe "Flash" Beasley on defense, Don Tilley on offense, with Lawrence Brogden and Charles Barnes punting.

Junior High meets E. K. Powe again tomorrow afternoon in what promises to be another close game. The E. K. Powe squad seems to have improved considerably in the last two weeks. It is being regarded as a strong contender for the city championship, and would like nothing better than a win over Central.

## East Durham Tries to Block Kick

This picture shows Lawrence Brogden punting the ball while a few East Durham boys attempt to block the kick. Beasley is shown blocking for Brogden. Junior High won, 21-0.

## Volley Ball Squad Begins Practice For City Tournament

Miss Elizabeth Partridge has started planning for the girls' varsity volley ball squad, with practices that began last week. The tournament is expected to get under way next week.

Opponents for the Junior High girls will be the E. K. Powe team, and an East Durham outfit.

The team is to be made up of ninth grade girls only. All girls in the grade are eligible for the team, provided their class work is satisfactory.

Already play between classes has begun. A tournament between classes of the seventh, eighth, and ninth grades is to be held, with the best team in each grade to be selected.

Last year the local volley ball team was undefeated in any of its games.

## Saunders Assistant Football Manager For Senior High

Dennis Saunders, a member of Miss Berry's 9-4 homeroom, is assistant football manager of the Senior High football team.

Saunders, who was manager of 1st year's Bullpup eleven, also plays basketball on the Junior High five. His familiar number four jersey is to be remembered by most students from last year. He also played second base on the baseball nine.

Coach Brewbaker says that Dennis has done a great job of managing over at Senior High. He made the trip to High Point with the Bulldogs and has continued to make the remainder of the trips during the entire season. Saunders says he enjoys working with such a swell bunch of boys as are on the Bulldog football squad, and that he looks forward with pleasure to next year when he will replace Jimmy "Punchy" Rackley, a former Junior High pugilist.

When asked about his opinion of Dennis' work as a football manager, Coaches Brewbaker, Sykes, and Nick Warren all had favorable comment.

## Leitner Will Talk As G. A. A. Begins Organizing Here

It was learned from Miss Elizabeth Partridge girls' gym instructor and coach, that the G. A. A. will be formed this week.

It was due to start last Wednesday, at which time Miss Nell Leitner, girls' athletic supervisor at Durham High, was to bring some Senior High girls over to talk to the Junior High girls, but since the Durham High student body assembled in the auditorium it was impossible to do so. It is hoped that many Junior High girls will take an interest in and join this club. It is a worthwhile thing for the girls and will be of some value in later years, said Miss Partridge.

This year is the first time that the G. A. A. has ever been started in a junior high school in Durham.

## Uzzell Directs Stamp Club

The Stamp club of Junior High school is being organized this year by William E. Uzzell for the seventh, eighth, and ninth grade members of the school.

This club has been organized since 1930 for the students who are interested in saving stamps of all nations.

Members of Junior High who are interested in joining must see Mr. Uzzell in his room on Fridays at activity.

## Bullpups Swamp East Durham Team By 21-0 Score

Entire Team Plays As Brogden, Spears, Lyndon, Tilley Score

Central Junior High's Bullpups defeated the East Durham Juniors by a score of 21 to 0 on Thursday, October 10, at Durham athletic park.

The scores came in the first, second, and third periods. Brogden scored the first marker on an end run from the East Durham 20-yard line. Marshall Spears took the ball around end for the second on a 12-yard run, and the third was a long 25-yard pass from Donald Tilley to Buddy Lyndon in the end zone. Tilley drove through the East Durham forward wall for the three extra points.

This win made two victories against no defeats, and the Bullpups are looking forward to another city-state championship this year.

### E. K. Powe Tomorrow

The next game will be played tomorrow against the "Green Dragons" of E. K. Powe at Durham athletic park. The Bullpups have defeated Powe once this year and are hoping to do it again.

The line-up of the East Durham game:

Junior High	East Durham
LE—Lyndon	McLean
LT—Windham	Jackson
LG—Moore	Ebbins
C—Munford	Myers
RG—Pierson	Deal
RT—Williams	Whetstone
RE—Prince	Brewer
QB—Brogden	Bland
LH—Spears	Balenger
RH—Beasley	Lane
FB—Winstead	Casey
Substitutes: Junior High: Ends—Rand, Norton, Whitaker, O'Brien; tackles—Harward, Nelson, Hall; guards—Poe, Walker, Stallings; centers—Whitted, Ferrell; backs—McNay, Tilley, Chandler, Loftis, Puryear.	

## As It Appears From Here

By George Whitted

Junior High's victory over East Durham, Thursday, October 11, made it two straight this season. The Bullpups have not been beaten, tied, or even scored on all year. The first victory over E. K. Powe Thursday, October 3, was by 7-0, and the second was over East Durham, October 10, by 21-0.

A few of the cheerleaders, Neil Graham, Julia Toms, and Flora Bell Garrall, asked why the East Durham coach didn't send in any substitutes. The answer to this is—he didn't have any to send in. Coach Johnson sent in his second string, two and three at a time, while East Durham's coach was contented to let his first string get romped over by the Bullpups.

There is an old saying, "You can't get blood out of a turnip." That's one of the reasons East Durham lost. Not that the boys didn't play hard, but when the call was issued for football material over at East Durham, the field was crowded with a great, big turnout of nineteen boys. Since the season has progressed, the East Durham squad has narrowed down to exactly fourteen boys.

## Boy Scouts Have Local Camporee

Local Boy Scouts held a camporee on East Club boulevard October 4 to 6. There were nine patrols and approximately 65 boys attending.

Out of a possible 600 points two patrols scored over 500 and six patrols over 400 points. Any patrol attending the camporee and scoring over 400 points was eligible for the jubilee.

The following week-end patrols represented Durham in the Occaneechee Council Jubilee held in Chapel Hill. There were a total of fifty patrols and 350 boys at the jubilee, all of which were guests of the University of North Carolina at the Carolina-T. C. U. football game.

## "Hawaii Calls" Shows November 5

"Hawaii Calls," with Bobby Breen, will be the first movie of this year, to be shown on November 5.

On February 10, "Last of the Mohicans" will be shown and on April 22, "Peck's Bad Boy at the Circus." These three movies will be ten cents each.

Fifty educational movies will be shown throughout the year.

## Cinema Club Gets Transcriptions

Sixteen transcriptions were given to the Cinema club by Bob Stratten at the beginning of school, to be played in classrooms or in the auditorium electric phonograph.

Some of these recordings are about Jefferson, Lafayette, Jane Addams, and many others. These records have songs of the gay nineties on the other side.

The Cinema club has not yet been organized.

## Jordan Introduces Game for Book Week

Beginning October 14, Mrs. Muriel Jordan of the public library is presenting a game, "Book Friends," to all students in grades four to nine. The game will be in progress through the week of November 2-8.

The game can either be played at the school library or at the central library. To enter, each boy and girl must register at the public library so that he may be eligible for the contest.

Mrs. Jordan will award a book to the winning school library. The point system will be used, counting one point per book.

## Red Cross Drive Starts at School

Junior Red Cross is now conducting its yearly membership drive at Junior High. It has been operating for a number of years and is a section of the nationally-known American Red Cross.

Red Cross pins have been sold in the grammar schools for the past week and the campaign is now on at Junior High school. Voluntary contributions of any amount of money entitles one to membership in the Junior Red Cross association. Most of the money collected is sent to the national chapter in Washington, D. C., but some of it is sent to the local Red Cross office to be used for different purposes, such as to help the Children's Orthopedic hospital, the Soldiers' hospital, the Children's Fund, and to send the Red Cross magazine to all city schools.

## Music Classes Give Program Next Week

W. L. Hodgkin, music teacher, has been training boys and girls of the eighth and ninth grades for a music program which is to be presented the last week in October. The program will consist of a mixed chorus, boys' chorus, and a girls' chorus.

Eighth and ninth grade boys and girls will be in the mixed chorus, while eighth grade boys will be in the boys' chorus, and ninth grade girls will be in the girls' chorus.

The mixed chorus will sing the following songs: "Song of Home," by Dvorak; "For the Beauty of the Earth," by Kocher. The boys' chorus will sing the following: "Go Down Moses," Negro spiritual; "Stars of the Summer Night," by Woodbury. The girls' chorus will sing "Ave Maria," by Schubert; "Softly Now the Light of Day," by Von Weber; "One Morning in the Meadow," German folk song; "Old Black Joe," by Foster.

## Home Ec Group Has Informal Tea

Home economics groups working in the dining room, living room, and the bedroom entertained at an informal tea on October 8. All the mothers were invited to attend.

The girls assisting Mrs. Rhoda Laprade and Miss Frances Woolworth were: Mildred Blanchard, Betty Powell, Annie Ruth Dupree, Irene Craig, Bernice Gift, Lessie Sherron, Mary Hudson, Sadie Mason, Joyce Hunt, Irene Smith, Catherine Sanford, and Margaret Stallings.

Punch, dainty sandwiches, and fancy cookies were served. Mrs. Laprade and Miss Woolworth spoke to the mothers on the progress of the girls.

## Martin Society Elects Officers

Frank Pierson, Walter Crump, Ann Rogers, and Charles Norton were elected October 14 as the new officers of the Martin Literary society for this semester.

Helen Haney and O'Kelly Whitaker were chosen as chairmen of the program committee. On each Friday a program will be given for the club members. Many members will participate in these weekly programs.

## Upchurch Names Clubs For Each Grade, Lists Class Assemblies

Soon the seventh, eighth, and ninth grade clubs will be in full swing, with 15 and possibly more clubs available for students. Each person will be limited to two or maybe three activities, announced W. M. Upchurch, principal.

The seventh graders may have a choice of the following: Stamp club, Brogden Literary club, Seventh Grade Dramatics club, and likely chorus and Public Speaking.

The eighth grade clubs are as follows: Radio club, Science club, and probably Public Speaking and eighth grade Dramatics.

The ninth graders may select from these: Playmakers, Business club, Charm club, Public Speaking club, Martin Literary society, Toms Literary society and chorus.

Pupils from all grades have been chosen or may join the Junior Hi-Lights, Hall Patrol, Student Council, and Literary club.

A definite schedule has been made for each of the three grades to have meetings. Each week the seventh grade will meet in the auditorium on Monday, the eighth grade on Tuesday, and the ninth grade on Thursday. Seventh graders, for instance, who are on Junior Hi-Lights staff or on hall patrol or student council, which also meet Monday, will be excused from class meeting to attend the other activity. The same will be true of students in other grades who have conflicts of class and club

meetings.

General assembly of all students in school will likely be held on Wednesdays when needed, Mr. Upchurch said.

## Messick Addresses P. T. A. Audience

On Monday, October 14, at 7:30 p.m., the monthly Parent-Teacher meeting was held in Junior High auditorium.

Dean J. D. Messick of Elon college, noted author and lecturer, spoke on "Character Education for a Democracy." Cleo Faucette, soloist, rendered several selections.

A prize of \$1.50 was won by 7-2 for having the most parents to join the P. T. A.

The next meeting will be included in the annual Open House Day, Wednesday, November 13. Lunch will be served to the parents visiting.
